

COOL KING INDIA

reliable & accurate cooling systems...

We have pleasure

in presenting

you

Laboratory refrigerators

LABORATORY REFRIGERATOR

ACCURATE. RELIABLE. FAST.

When it comes to finding answers to questions and getting results. Cool King is number one. No other Refrigerator is faster, more reliable and accurate. Choose Cool King.

Accelerate your business potential with innovative Cool Services.

Excellent temperature

stability and

homogeneity.

Laboratory refrigerators have been designed in response to fulfill requirements for preserving temperature sensitive products. These refrigerators provide an ideal storage environment for preservation of vaccines, medicines, reagents, specimens etc. For consistent, reliable protection, storage & preservation of valuable medical products at a safe + 2 to +8 Deg. C, you can depend on **COOLKING INDIA** Laboratory refrigerators and freezers where temperature is constantly maintained at the set temperature, with better uniformity and accuracy.

TEMPERATURE SELECTIONS

Laboratory refrigerator +2 °C to +8 °C

Laboratory Freezer 0 °C to -25 °C

EXCLUSIVE STANDARDS

Dependability, low maintenance & Value.

Accurate temperature control.

Fast pull-down, rapid recovery.

Uniformity of refrigerated blood for Safe blood component storage.

Excellent temperature stability and homogeneity.

An extended choice of process and control options.

FEATURE SELECTIONS

Temperature data logger.

Temperature Chart Recorder

General specifications	
Controller	Microprocessor / Micro-controller based temperature controller
Temperature Display	Digital Controller
Construction	
Outer Panels	Outer panels are made of GI coated/ CPRCA sheet/Stainless Steel
Interior Panels	Interior panels are made of Stainless Steel
Door	Standard hinged door with Double gasket seal between the door and the cabinet increases system efficiency.
Insulation	Polyurethane foam insulation with a thickness of 50mm
Trays	Adjustable stainless steel trays with perforated design
Interior lighting	Interior fluorescent lighting.
Castors	Castors for minimal effort mobility
Refrigeration system	
Refrigeration system	Coolking India superior refrigeration system with Hi-Tech Technology.
Compressor	Heavy duty Air-cooled compressor. The compressor is distinguished by its excellent performance, low noise level (<60dB) and minimal vibration.
Condenser	Highly efficient air cooled condenser
Evaporator	Internal evaporator system Forced draught
Refrigerant	CFC/HCFC- free refrigerant ensures no damage to environment.
Air Circulation	Forced air circulation to maintain chamber uniformity.
Controls	
Temperature Controls	Micro-processor based Temperature controller cum indicator.
Power Supply	220 volts, 50Hz. Single Phase
