

COOL KING INDIA

reliable & accurate cooling systems...

-80°C

ULTRA LOW TEMP. FREEZER

ULTRA LOW TEMPERATURE FREEZER

ACCURATE. RELIABLE. FAST.

When it comes to finding answers to questions and getting results. Cool King is number one. No other Ultra Low Temperature Freezer is faster, more reliable and accurate. Choose Cool King.

Accelerate your business potential with innovative Cool Services.

Cool king India freezer

is designed with

cascade cooling system.....

ULTRA LOW TEMPERATURE FREEZER

Our **Ultra Low Temperature Freezers** maintain internal temperatures as low as -80°C . We use uniquely designed compressors for ultra-low temperature applications. Manufactured with foamed-in-place insulation, they are ideally suited for use in laboratories and hospitals for long-term preservation and storage of blood, specimens and components, as well as materials testing.

Advanced features

include a microprocessor temperature control system with digital temperature display, double insulation polyurethane walls and easy open/ easy-close hinged outer door latch.

CFC-Free

Our Refrigerators are CFC-free, having HFC refrigerants and CFC-free insulation.

Insulated Inner Doors

Our Refrigerators have unique doors are fully insulated to provide better uniformity and guarantee an airtight seal. Inner doors ensure that exposure to incoming air is kept to a minimum when the outer door is opened. Doors are latched.

Cascade Cooling System

At the heart of freezers that are as efficient and reliable as Cool king India freezers is designed cascade cooling system. Our experience in ultra-low temperature technology has made the compact, quiet and reliable refrigeration system possible

Air Filter

The air filter is specially located to give easy access for removal. The filter also is washable for economy and do-it-yourself maintenance.

Castors

Mounted on wheeled castors to make moving easy.

Energy Efficient

The combination of efficient technology and construction brings the added benefit of considerable energy savings.

Environmentally Safe

- HFC (CFC-Free) Refrigerants
- (CFC-Free) Polyurethane Foamed In-Place Insulation
- Low Noise Operation 47 dB(A)
- Efficient Design Compressors

**Optional Accessories:-****Temperature Recorder**

Easily Installed into the Freezer control Panel.

**Cryo Safety Gloves**

Protection for Hands & Arms

Cabinet Insulation

Minimum 5" (12.7 cm) CFC- free
Foamed-in-place urethane, closed- cell,
For thermal protection and structural
Strength.

Heated Door Seals

Heating elements minimizes
frost Build-up around
door gasket.

Door Handle / Latch

Rugged, one-handed
operation, fastener
for padlock

Gasket

Multi-point seal

Evaporator

Tube on sheet type

Refrigeration System

Custom engineered
compressors, high
performance
lubricants

Recorder

Optional Cobex®
system with
mounting plate

**Washable Pre-
filter**

Protects condenser fins
against dust build-up

**Air Cooled
Condenser**

Large surface
area, copper tube,
aluminum fins

**Insulated Inner
Doors**

High impact with
recessed handle

**Temperature
Control
System**

Digital temperature
controller cum
display

Outer Door

High strength
foamed-in-place
polyurethane insulation

Low Profile

Upright design

Condenser Fan

Durable fan with
aerodynamically
designed fan blades

**Heavy Duty
Casters**

For mobility
as required
